

# Welcome to the Centre of Digital Excellence

## Training Courses

CEEDS has an exceptional range of training options available through our partnership with NCU Training. Most of these Courses are fully QQI accredited and designed to meet current training and employment needs.

- Special Needs Assisting (SNA)
- Training and Development (Train the Trainer)
- Care Skills and Care for the Older Person
- Palliative Care Support and Care Support
- First Aid Responder (PHECC)
- Reception Skills and Customer Service
- Bookkeeping (Manual and Computerized)
- Manual Handling and Safety Awareness

For Further information and updates on our upcoming Courses and training schedule check out our Website and Facebook Page.

## ECDL/ICDL Test Facility

CEEDS is an accredited ECDL/ICDL Test Facility. We have a range of software test platforms available including Office 2007, 2010 & 2016

## Internet Café

CEEDS public internet facilities are unique. We believe that real help and support should be available to all of our Service Users. Our I.T Support team are happy to assist with all of your online needs.

**We have three decades of experience in training and development.**

## Our Story

CEEDS is a non-profit Organization and has been supporting our community since 1993. For almost three decades we have provided training and Jobseeker supports to the communities of North Clondalkin and beyond. CEEDS has recently completed a major redevelopment of our training Centre and now boasts one of the most modern and technologically advanced I.T facilities in the entire region. CEEDS strives to bridge the digital divide by creating an accessible technological Hub in the heart of our community.
